

## **ADMISSION BOARD COMMUNIQUÉ NO. 2/2008 OF 8 FEBRUARY 2008**

### ***New classification of Admission Board Communiqués on the website of the SWX Swiss Exchange Limited for improved user-friendliness***

For the announcement of new rules or rule changes, individual decisions, explanations and fundamental changes in practice with regard to individual provisions, the Admission Board publishes respective communiqués.

These communiqués are published on the SWX Swiss Exchange Limited website under "Admission". As yet, Admission Board Communiqués have been available **in chronological order** since 1998. As of now, they will also be ordered **by subject** (e.g. tradeable securities, selected segments, procedure and charges, being public). In addition, an **electronic archive** has been created which includes all obsolete communiqués, which however, remain available at any time.

This new classification simplifies the search for specific Admission Board Communiqués and hence increases the user-friendliness of the relevant webpages.

The Admission Board Communiqués are available on the Internet in English, German and French at [http://www.swx.com/admission/regulation/messages/2008\\_en.html](http://www.swx.com/admission/regulation/messages/2008_en.html)
