Art. 2 Scope

This Directive governs the principles of the listing of foreign companies on SIX Swiss Exchange Ltd ("SIX Swiss Exchange").

Art. 3 Definitions

¹ In the context of this Directive, foreign companies are companies whose legal registered office is located in a country other than Switzerland.

² The Regulatory Board determines which exchanges qualify as other stock exchanges recognised by the Regulatory Board.

Art. 4 Types of listing

¹ If a company is not yet listed on another exchange recognised by the Regulatory Board when it submits its listing application to SIX Exchange Regulation Ltd ("SIX Exchange Regulation"), its only option is primary listing, subject to the regulations laid down in Art. 6 seqq..

² If a company is already listed on an exchange recognised by the Regulatory Board, it may choose between primary listing (Art. 6 seqq.) and secondary listing (Art. 12 seqq.) in accordance with this Directive. The same applies if a company is to be listed simultaneously on its primary exchange and on SIX Swiss Exchange, i.e. with the same first trading day on both exchanges. This is known as "dual listing".

Art. 5 Reference to the LR

¹ Unless contradictory or additional regulations are set out below, the provisions of the Listing Rules and their implementing provisions apply to the listing of foreign companies' equity securities.

² In particular, responsibilities and appeals bodies in sanction proceedings are governed by Art. 59 seqq. LR.

II Primary listing

A Listing requirements

Art. 6 Requirements for the issuer

The issuer must provide proof that it has not been refused listing in its home country under legislation on investor protection (Art. 25 LR). This may take the form of:

1. a legal opinion from an independent law firm; or
2. a relevant extract from the rejection decision issued by the competent authority in the home country in connection with the registration process in question. It must be clear from this extract that the company was not refused listing because it failed to comply with investor protection regulations.

B Obligations with respect to listing

Art. 7 Listing prospectus (cancelled)

(cancelled)

C Listing procedure

Art. 8 Place of jurisdiction

In addition to the declarations required under Art. 45 LR, the issuer must state that it recognises the Swiss courts as having jurisdiction over claims arising in connection with the listing.

Art. 9 Modification of the listing procedure (IPO and capital transactions)

The Regulatory Board reserves the right to modify the listing procedure as appropriate if, under the home country's company law, the time at which the shares are legally created is not the same as that under Swiss law (entry in the Commercial Register).

¹ If the equity securities of a foreign company that has its primary listing on SIX Swiss Exchange are subsequently also listed in the company's home country, they will continue to be listed on SIX Swiss Exchange. However, this will become their secondary listing, with the corresponding obligations as set out in Art. 19 seqq. LR.

² Where no regulations to the contrary exist for the relevant exchange in the home country, the issuer may also apply for primary listing on SIX Swiss Exchange to be maintained, with the corresponding obligations as set out in Art. 10 LR.

III Secondary listing

A Listing requirements

Art. 12 Requirements for the issuer

¹ The requirements that apply to the issuer are regarded as having been fulfilled if its equity securities are listed in its home country or in a third country on an exchange recognised by the Regulatory Board.

² The requirements that apply to auditors under Art. 13 LR must be fulfilled both for listing and for maintaining listing.

Art. 13 Requirements for equity securities

In derogation of Art. 19 LR, the free float is considered adequate if the capitalisation of the shares circulating in Switzerland is at least CHF 10 million, or if the applicant (Art. 43 LR) can otherwise demonstrate that there is a genuine market for the equity securities.
