## 3 Reporting fees for Trade Reports

### 3.1 Principle

<sup>1</sup> A reporting fee is charged for receiving and processing Trade Reports. This is payable per Trade Report and per party subject to the duty to report.

<sup>2</sup> The reporting fee comprises a transaction fee and an ad valorem fee.

<sup>3</sup> The reporting fee amount depends on the security underlying the trade. The applicable rates are set out in the relevant Annex to this List of Charges under the Reporting Rules.

### 3.2 Transaction fee

The transaction fee is a fixed charge.

### 3.3 Ad valorem fee

The ad valorem fee depends on the trade's transaction volume. It is determined in terms of basis points and has both a set minimum (floor) and a set maximum (cap).

### 3.4 Fee for Trade Type "Both Parties"

For one-sided Trade Reports flagged with the Trade Type "Both Parties", the party subject to the duty to report who submits the report to the Reporting Office is charged the set reporting fees for both parties involved in the trade, i.e. the reporting fee for the party subject to the duty to report and the reporting fee for the counterparty.

## 4 Reporting fees for Transaction Reports

### 4.1 Transaction Reports

<sup>1</sup> A reporting fee is charged for receiving and processing Transaction Reports. This is payable per Transaction Report and per party subject to the duty to report.

<sup>2</sup> The reporting fee comprises a flat-rate fee and is divided into rate bands. The rate bands are based on the number of Transaction Reports submitted annually by parties subject to the duty to report.

<sup>3</sup> The applicable rates per rate band are set out in the relevant Annex to this List of Charges under the Reporting Rules.

### 4.2 Delivery Reports

<sup>1</sup> A reporting fee is charged for receiving and processing Delivery Reports. This is payable per Delivery Report and per party subject to the duty to report.

<sup>2</sup> The reporting fee comprises the reporting fee for Transaction Reports as per Clause 4.1 of this List of Charges under the Reporting Rules as well as a usage fee.

<sup>3</sup> The applicable rates per rate band are set out in the relevant Annex to this List of Charges under the Reporting Rules.

## 5 Extraordinary reporting fees

### 5.1 Fee for corrections, deletions and cancellations of reports

<sup>1</sup> For the entry and cancellation of Trade Reports on behalf of a party subject to the duty to report, a fee of CHF 50 is charged per report.

<sup>2</sup> No reporting fees or extraordinary fees are charged for Transaction Reports corrected or deleted by the party subject to the duty to report.

### 5.2 Minimum fee

For reporting fees for Trade Reports, the Reporting Office charges a minimum fee of CHF 50 per month and per party subject to the duty to report if at least one report has been submitted in the month concerned.

## 6 Common Provisions

### 6.1 General points

All fees in this List of Charges under the Reporting Rules as well as those in the Annexes are exclusive of value added taxes.

### 6.2 Payment dates

<sup>1</sup> Unless agreed otherwise, the invoices must be paid within 30 days of issue.

<sup>2</sup> Interest in arrears of 10% p.a. may be charged on payments received late.

### 6.3 Reimbursement of fees

<sup>1</sup> Any claim for the reimbursement of fees must be lodged within six months of the invoice date. Entitlement to reimbursement will lapse at the end of this period.

<sup>2</sup> The claim for reimbursement must be supported by confirmation from the auditors of the party subject to the duty to report.
